

COUNTRYMAN CREEK RANCH HOMEOWNERS ASSOCIATION

Countrymans Newsletter

December 8, 2020

Thank you volunteers!!!

Thank you to all of the homeowners who took Initiative of any improvements to the roads! We all know that road maintenance is a costly endeavor and the HOA has very little funds to put towards all the repairs around the HOA. Some of our landowners have either band together or privately paid for some road repairs. Thank you to these good samaritans. As my mother said “Many hands make light work”. It is nice to see and know if we work together, stuff does get done and makes life much more enjoyable for all, not just one.

We also want to say a big thank you for 406 excavating for grading our road for free!!!!

If you are interested in volunteering for any future project around the HOA please email the board with your name number and we will definitely contact you with future projects that we need volunteers for!!

Sincerely,
Countryman Creek Ranch board members
